We have recently renovated our 3,000 sq.ft. gym space in our Westfield location exclusively for our tumbling program. 3,000 sq. ft of private tumbling space gives our classes room to spread out into small class size ratios to take full advantage of all the equipment and training stations.

Our private tumbling facility has:

- full regulation spring floor
- 50 ft. tumbling strip with a soft-landing mat area
- 30 ft. Tumble Trak trampoline with a resi-pit landing
- Olympic size trampoline with a block pit landing
- multiple sets of foam training mats appropriate for all heights, ages, and abilities.

Our coaches are adult, USAG Safety-certified, experienced, and trained to spot from beginner to all levels of tumbling advanced.
